MINER 2049er™

Saddle up with Bounty Bob and get set for the wildest and wooliest chase ever.

You follow the notorious Yukon Yohan into an abandoned uranium mine.

Before you can capture him, you must carefully maneuver through 10 levels (11 levels in Coleco) of traps, tricks and lethal challenges.

You scale ladders, make death-defying leaps, jump from moving platforms, neutralize deadly mutants, avoid crushing stompers…even shoot yourself out of a cannon. And through it all, you must race against the clock.

Skill…endurance…you're gonna need every ounce you can muster if you want to conquer all 10 levels of Miner 2049er.™

Are you ready, podner? Then mount up and move out. Bounty Bob needs your help right now!

10 progressively challenging screens test your skill…provide hour after hour of thrills and fun.
